The risks you are running by not using secure email today

The Biggest Email Security Risks

The Consequences of an Email Breach

Until now, there were two types of email security solutions

Is my content private?

Can I guarantee that my personal data can't be viewed or can't be tampered with before reaching its destination?

Email Gateway Solutions

NO

Encrypted Email Solutions

SOMETIMES

Can I block bad senders?

Can I identify cyber criminals, block them and report them?

YES

SOMETIMES

Can I block malicious content?

Can I identify & block phishing attacks, malware & malicious attachments?

YES

SOMETIMES

Can I send & track all emails & their contents to the level that GDPR requires?

NO

NO
